For God to use a story such as Tamar's to bring His Son into the world is a beautiful reminder that no one is beyond God's redemption.

If God can choose the Canaanite Tamar – twice widowed, childless, then used as a prostitute – to continue the line through which Christ would come, can anything keep Him from weaving your story into His redemptive plan?

Customized for your event; 1 to 4 sessions. This inspiring series is perfect for women's retreats, conferences, church and mission events, and more.

Event planners will also be provided printable retreat packets for participants with notes pages, key takeaways, plus questions for personal reflection. Suggested worship song list to complement retreat theme also provided.

IN THIS SERIES, YOU WILL:

- *Explore the faith of Tamar, whose bold actions helped secure the promised line of Judah*
- *Celebrate God's loving plan to adopt you into His eternal, covenant family*
- *Marvel at God's power to weave your life's twists and turns, sins and failures into His glorious redemptive story*
